Commander— Christopher Hile

Greetings, All.

July came to an end, and I am glad we have had at least a small break from the unusually warm climate this year. Earlier this month, Heather and I attended the Indiana Department Convention. It was definitely the start of new learning for me, and has energized me to keep improving both at Post and District levels.

We are still in need of Legionnaires to fill the officer roles of 1st and 2nd Vice Commander. These positions do require a decent amount of work, but are not impossible. Both can benefit from the help of others, and building committees is always a good option for anything we do here at the post.

As we continue to grow and change, as an organization, we must always keep in mind the spirit of why the American Legion was founded: The support of our veterans, The care of the families of those who paid the ultimate sacrifice, and the education of our children. These goals will never change. Also, there is the important function of providing a place for veterans and their families to share fellowship, and enjoy the bonds that were forged of shared hardships... Training, Combat, Absence, and Struggle.

I'm proud of our post, and the things we are able to accomplish. I look forward to continually improving, side by side with all of you. As one of my favorite authors said, "The most important step a person can take, is the NEXT one."

Chris Hile
