Commander— Christopher Hile

Greetings to all, I hope this October finds you in health, happiness, and abundance. Fall has always been my favorite time of year. Cooler temperatures, beautiful colors, comfortable hoodies, and of course: Football, are all great parts of the season.

Your team of Legion officers continue to work toward many improvements around the post. As we're in the process, we constantly find little things that can be done better. That's not to say that we catch them all. Any suggestions are always welcome. Our post is here for everyone.

I'm looking forward to several projects that have been in the works, to include working with our Auxiliary on their Creative Arts for Veterans initiative. If any of you have artistic talents (Music, writing, painting, sculpture, wood work, etc.), I'd love for us to not only showcase what we can do, but to encourage other Veterans to try creating something of their own. Having an outlet for our emotions makes them much easier to process in a healthy way.

Thank you all for continuing to be a part of one of the greatest posts in Indiana.

-Chris Hile

Fast Facts about the American Legion...

- The American Legion was chartered and incorporated by Congress in 1919 as a patriotic veterans organization devoted to mutual helpfulness.
- There are nearly 2 million members of The American Legion, making it the nation’s largest wartime veterans service organization.
- The American Legion has more than 12,000 posts in communities throughout the United States. In addition to posts in every state, The American Legion has posts in the District of Columbia, France, Mexico, Puerto Rico and the Philippines.
- In 1944, President Franklin D. Roosevelt signed into law the original GI Bill, or Servicemen's Readjustment Act, ushering in monumental changes in U.S. society. Six months earlier, The American Legion wrote the first draft of what later became the "GI Bill of Rights" – considered The American Legion's single greatest legislative achievement. Higher education becomes democratized after 8 million veterans go to school on the GI Bill, get better jobs, buy houses in the suburbs and raise families.
- On Aug. 9, 1921, a Legion-led effort resulted in the creation of the U.S. Veterans Bureau, which later became the Veterans Administration.
- The first "Flag Code" is drafted during a Legion conference in Washington in 1923. Congress adopts the code in 1942. *Today, The American Legion is at the forefront of efforts to pass a constitutional amendment to protect the U.S. flag from physical desecration.*
