Kapperman Post #44, P. O. Box 194, Newburgh, IN 47629-0194, 711 State St., Newburgh, IN 47630

Veterans Day is intended to thank and honor all those who served honorably in the military – living and dead – whether in wartime or peace. In fact, Veterans Day is largely intended to thank living Veterans for their service, to acknowledge that their contributions to our national security are appreciated, and to underscore the fact that all those who serve have sacrificed and done their duty.

While Veterans Day is often confused with Memorial Day, the two observances serve different purposes and have different histories. Memorial Day, which has its roots in the post-Civil War effort to “memorialize” all those who died in that war, has become a modern holiday to remember those from all wars and conflicts who gave their lives in service to the country. To ensure the sacrifices of America’s fallen heroes are never forgotten, in December 2000 the U.S. Congress passed and the President signed into law “The National Moment of Remembrance Act” to “encourage the people of the United States to give something back to their country, which provides them so much freedom and opportunity” by encouraging and coordinating commemorations of Memorial Day and the National Moment of Remembrance. The National Moment of Remembrance encourages all Americans to pause wherever they are at 3 p.m. local time on Memorial Day for a two minutes of silence to remember and honor those who have died in service to the nation.

Veterans Day, however, was first known as Armistice Day as a celebration of the resolution of World War I, a peace recognized historically on the date and time of that event, November 11, 1918, at 11:00 a.m., and salutes surviving service members as well as those who have passed away since their service.

In 1954, President Dwight D. Eisenhower signed a bill proclaiming November 11th as Veterans Day and called upon Americans everywhere to re-dedicate themselves to the cause of peace. He issued a presidential order directing the head of the Veterans Administration (now the Department of Veterans Affairs) to form a Veterans Day National Committee (VDNC) to organize and oversee the national observance of Veterans Day. In addition to fulfilling that mission, the committee oversees the annual production and distribution of a Veterans Day poster and Teachers Resource Guide.

In 1968 in keeping with the Monday Holiday Bill, Congress briefly moved Veterans Day to the 4th Monday in October, but it became quickly apparent that the American public held fast to the historical significance of the First World War armistice on November 11, and in 1978 Veterans Day was returned permanently to its traditional date.
